CULLOM'S SEAT IS QUESTIONED

Senator Bailey Replies to Root's Attack on Lorimer.

HALE SAYS ASSEMBLY ROTTEN

New York Senator in Two-Hour Speech Bitterly Assails Right of Chicago's Blonde Politician to Hold Seat, Owing to Flagrant Use of Money to Secure Election—Three Members of Committee Defend the Majority Report.

Washington, Feb. 4.—Senator Root of New York furnished the feature for the senate session with his speech in which he declared that Senator William Lorimer of Illinois should be excluded from his seat because of corruption by which his election was brought about. Root spoke for more than two hours and his speech made a profound impression on the senate.

Following the conclusion of Mr. Root's speech Senators Bailey, Heyburn and Paynter defended the report of the committee on privileges and elections, of which they are members, and declared that the testimony before the committee showed that Senator Lorimer was entitled to his seat.

Senator Bailey replied that if Mr. Lorimer was to be excluded because of corrupt conditions in Illinois politics, then his colleague, Senator Cullom, would probably be subjected to the same process of elimination, for it would probably be shown that the legislature which elected him was also corrupt. Mr. Bailey's remark was called out by an observation of Senator Hale that the testimony in the Lorimer case showed a shocking condition of corruption in the Illinois legislature.

At the conclusion of the Lorimer matter, the controversy which arose over the legislative right of way was resumed. Senator Nelson moved that the senate proceed to the consideration of the bill authorizing a leasing of coal lands in Alaska. Senator Borah of Idaho moved to lay the motion on the table, but his motion was defeated on a rollcall.

REGULARS AMAZED

Three Representatives Threaten to Bolt Apportionment Caucus.

Washington, Feb. 4.—Caucus rule among the Republicans of the house threatens to go to smash over the apportionment bill. Republican leaders stared with amazement when they learned that such hard-shelled regulars as Representatives Green of Massachusetts, Langley of Kentucky and Austin of Tennessee, who have always stood without being hitched, intended to carry out their threats and oppose the apportionment that was approved by the party caucus.

The three members named are mild enough under ordinary circumstances, but they are mad over the apportionment bill and will go as far as necessary in fighting the caucus measure, which provides for a house of 391 members.

PORTSMOUTH VOTE SELLERS AMATEURS

Probe Discloses Low Price Schedule in Effect.

Portsmouth, O., Feb. 4.—Evidence of vote-buying in the last election in the Second and Third wards of Portsmouth was uncovered by the Scioto county grand jury, according to Judge A. Z. Blair and Prosecutor Horace L. Small. While both say it was the biggest day since the Scioto county election probe was commenced, Judge Blair declares conditions have not been found one-tenth as bad as in Adams county.

In Scioto county votes were sold for \$1 and rarely for more than \$2, evidence thus far showing that \$100 a side was considered a heavy expenditure in any one city precinct. In Adams county some votes sold for \$35, and \$5 was the average minimum price.

Judge Blair adjourned the probe until next Thursday. He will spend the interim making temperance speeches in New York state.

Tamper With Papers. Danville, Ill., Feb. 4.—That there has been tampering with the papers of the grand jury which is investigating election frauds in Danville and Vermillion county is a rumor that was given considerable credence here. It is understood that some of the most important notes taken during the progress of the investigation have been either stolen or misplaced, and one of the most important witnesses who has yet testified has been notified to return before the grand jury to repeat his testimony.
